

may 12, 2009

Dear Mayor Daley,

I was wondering if you can help me make people realize that robbing and hurting each other is wrong. Sometimes I see it on the news that's my own people robbing each other and that is not right. Because we should be helping each other and make our world a better and safer place to be in. And all people should get together. People are robbing people's stuff after they buy it and spend a lot of money. I could make a copy that says no robbing then when I'm done with that I could go to people's houses and ring there door bell then they will stop robbing.

Sincerely,
