

Dear Mayor Daley,

Let me tell you that I would like you to stop the violence because people have been dying. I would also like you to close the gun shops.

Also please close drug places because people get caught with drugs when police stop them. Also to close bars because people get drunk and if there is a kid outside the drunk men or women can cause a hit and run also an accident.

Also, I want to tell you something else only police and armies can have guns but still close the gun stores. My mom and uncle got shot in the night. I was scared. She is well now but I don't like guns. Especially in the night.

Room 510 - Seward Branch Sincerely,

Room Seward Branch
