Dear Mayor Daley, May 12, 2009

Let me tell you about the high taxes poor people can't afford these high taxes.

Poor people need more money.

Mayor Daley you need to lower taxes for people that are poor because poor people don't have a lot of money.

People that are poor can't afford high taxes. because when people buy something the taxes are too high. Even my candy bars are too high.

Sincerely,

Room

Seward
