

Dear Mr. Mayor,

My name is [redacted] and I am in third grade at Sherwood School.

If I could change something in Chicago, I would change the city and make it more colorful. I would change the movie theaters into housing for the homeless and the poor.

I would make the malls into schools for the kids to come and learn and have fun together. We would use the big screens to watch our lessons and have fun.

Thank You
[redacted]
