

5-21-09

Dear, Mr. Mayor Richard Daley,

My name is [redacted] and I am in third grade at Jesse Sherwood Elementary. If I could change something in Chicago I would change the city's crime rate so we can have a better place. I would make it a safe place to be by making sure there are enough police out so there will be no more crime. There is too much killing in one city.

I would make sure there were no more guns. The police are the only ones who should have guns.

Sincerely
