Dear Mr. Mayor,

My name is
and I go to Solomon School.

I am nine years old and I
am in third grade. I want to

help make Chicago a better

place by stopping lake pollution

There are lots of people at
the lake and maybe there should

be more garbage cans around the lakes and beaches. We need to work harder trying to keep the lakes clean because it is important. It is important because it would be a junky lakes.

It is a good idea to have more garbage pick up days and if every school could volunteer to go to the lakes and beaches. Then we would have a clean lake and

and a healthy environment. Thank you
for listening.

Sincerely,
