

May 15, 2009

Dear Mayor,

I think if we can make houses for rich people and regular people we can make homes for poor people too. I think this is a good idea because poor people stop asking me for money and so they can get off the streets.

Chicago will be different because the poor won't bother the visitors and the visitors won't think we just want money. The city will need to build more apartments and more houses so we can make this happen.

Sincerely,
