Dear Mayor Daley,

I thank you for doing everything that you can to help this city. Do everything that can be done but there is one more thing that can be done. Gas is too expensive. When I needed to go to Indiana the gas in my tank lasts 5 minutes. All I'm saying is lower the gas prices please that's all I asking for. Some people need to believe in Obama's stimulus plan because if you follow along it just might work then everything might work and go lower like $4.00 a gallon or gas, or can grocerise.

Sincerely,

Age 9
