Stowe grade 3

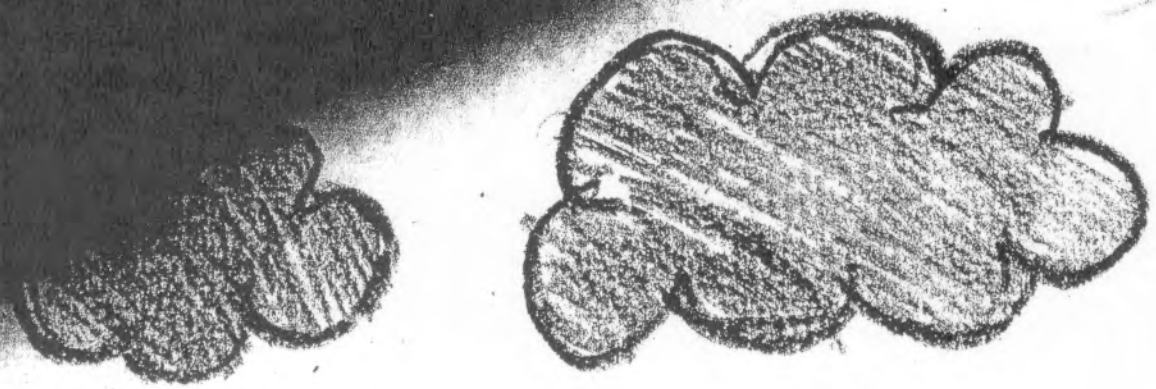

Dear Mayor Daley,

My Name is \_\_\_\_\_ and I am in 3rd grad at Stowe Elementary school. My big Idea is to make Chicago a better place by making more and to hire more police men.

My job is great because for people that don't have money they give them a little bit of money. and for police men can do there job.

The City will need more things like clothes and shoes this can happen by passing money, and saving money and hiring more people to keep our neighborhood safe. After this Chicago will be different because people will have money there will be more police men that will get hired.

Sincerely

Mayor  
Daley you  
Rock!
