

May 13

Dear Mayor Daley,

My name is [redacted]. I'm in 3rd grade. I have a big idea to change Chicago. My plan is they should put a police man/woman in a gun store just in case some one trys to buy a gun to kill some one and the police can take him to jail right there and I go to stowe school and the police can be in disguise. And their are 2 reasons. ① is incase some one trys to buy a gun without having a license. ② is incase a gang ster trys to buy a gun to kill someone like what they did to that 17 year old girl right there in St. Louis by my school. And Chicago will be a better place because gangsters will be in jail and not making trouble and not killing people. My plan will not take a lot of time and it will not cost a lot of money. And kids will not be scared of getting killed by a bullet or shot by one.

My plan is smart my plan is good for people who's sons are gangsters because they can go to jail and turn his/her life around. The city will need more police men to help. Chicago will be different

May 13

after this because gangsters will  
be in jail and people will not  
die because of a gangster.

Sincerely
