

Dear Mayor Daley,

My name is

I am a 3rd grade student at Stowe Elementary School. I have a big idea to lower gas bills and give poor people houses and stop violence and guns.

This is a great idea because the gas bills are getting too high some people waste a lot of money for gas. You should give people a house because they don't have houses. There's people that shoot people we need to stop gun shooting try to stop gun shooting it's going everywhere.

The city would have to stop gun stores they would need to find free houses to give poor people find a way to lower gas bills for people.

This is a good idea because no more violence in the city no more guns in the city no more shooting in the city no more violence The poor people would be happy with houses this would be a good city. The gas bill would be low everybody would be happy.

Sincerely,
