Honorable Mayor Daley,

I want to ask you to put more police and trap all the gangbangers so they don't kill more people. And to stop little kids from being gangbangers. It won't take lots of time and you don't need money, you just need more police. Chicago will be a better city without gangbangers, because the gangbangers do bad things not good things. Please Mayor Daley trap all the gangbangers and put more police in the city of Chicago so there aren't more gangbangers. So they don't kill more people and they don't do anything.

Sincerely,
