

## Strategic Math Problem Solver

CCSS Math Practice Standard 1. Make sense of problems and persevere in solving them.

**Read a Word Problem. Figure out ways to solve it.**

<b>What is the question asking me to figure out?</b>	
--	--

**Figure out two ways to solve it.**

<b>A. One Strategy</b>	<b>B. Another Strategy</b>
I can ...	I can...

**Which way is better? \_\_A \_\_B**

**Why do you think that strategy is better?**

---

---

---

---

You can pair and compare your answers with another student's strategies. Then you can solve the problem yourself or work with another student.  
**Use the strategy you think is the best way to solve it.**
