3. Coach the learners.
4. Check the learning.
5. Check the teaching:
 - Was I clear?
 - Did I give directions in more than one way?
 - Did I give examples?
 - Did I ask students to re-state directions?
 - Did I ask students to explain what they were learning?
 - ...
6. Choose responses to individual needs:
 - re-model *differently*
 - use *different* models—including other learners
