Dear Mayor Daley,

Hi Mayor Daley I will like if you could stop the violence that is going on. I want it to stop because I think too many people are getting killed. Everytime you look up someone just got shot or stabbed. This is not fair to the people who are losing their lives before it's time for them to lose their life. So the people who kill others should get a curse put on them to let them see how it feels to put people in pain and hurt them.

Love Always,  
Sincerely

I Love  
Chicago

I Love

Chicago
