

# The Bad days

Dear Mayor Daley.

I want to change the world in many different ways. I have many plans. I want to help save up energy and I want my neighborhood to be beautiful and litter free. I really need to get my block cleaner and better so when people come on my block, they do not have to talk badly about my neighborhood. When you read this letter you might have some neighborhood cleaners to send to us. I will help the GSA and help our neighborhood.

May 13, 2009

Truely yours,
