If students decide what is important, they will value it.
You can use this activity to put together a Community School Character
Traits display that inspires everyone.*

MY IMPORTANT CHARACTER TRAITS

What character traits are most important to your progress?
Write the traits you think are important.
Then draw to show what it would look like—draw an action you take that shows that trait.

Trait	Trait
Action	Action
Why it is important to you.	Why it is important to you.
