

Sounds the Same, Spelled Differently

ILS 1A: I can classify words based on sounds.

Look for examples of words that have the same sound but are spelled differently. Then complete the chart. For each kind of sound, give three words with different spellings that have that sound. For example, the long e sound could be made with ie (chief) or ee (seed) or y (happy). Use words from your word wall and books to complete this chart.
