

PICTURE NONFICTION VOCABULARY

When students read nonfiction, they can learn new words.

You can do this activity with any nonfiction reading.

Students can keep it as a page or cut up the words and pictures and turn it into a matching game. (CCSSR4—expand vocabulary)

TOPIC: _____

WORD	Show what it means. Draw a picture.

The next page has bigger boxes so you can cut it into pieces and make the matching game. Use paper at the workshop to make a word-picture chart for the solar system reading. Choose words from the reading and put them into the left column. Then draw a picture that shows each word's meaning. Then turn it into a matching game.
