

## Business Prediction

### *Skill Builder: Inference*

Identify one kind of business you find in the business directory that will probably increase in the next 20 years.

- *What is the business?*
- *Why do you make this prediction?*
- *Approximately how many businesses are listed in this category for this year?*
- *How many more businesses do you predict there will be listed in 2020?*
- *How did you decide on that number?*
