

I can classify facts and opinions.

CCSSR1—read carefully to identify important information and terms and then summarize what you have learned (CCSSR2)

*Put statements of facts in column 1 and statements of opinion in column 2.
If a text does not include opinions then the opinion column is blank.*

These are facts I found in the text.	These are opinions I found in the text.

This is what bias means:

This is an example of bias in this reading:
