

Science Learning Summary Guide

CCSSR2. Determine central ideas or themes of a text and analyze their development; summarize the key supporting details and ideas.

Do this independently as an assessment. Do this collaboratively as a learning activity.

CCSSR2 Competence: I can summarize what I learn.

A good article or chapter includes different ideas about a topic. Use this guide to report on a topic you learn about by reading.

TOPIC: _____

What are 4 words that are important to understanding this topic?

Word	What It Means

List two different ideas you learned. For each idea, list two facts that support it.

Idea: _____

Supporting Facts:

--	--

Idea: _____

Supporting Facts:

--	--

Write a Summary

Use your words, facts, and ideas to write about this topic.

Exceed!

Make your report a booklet or exhibit with pictures or diagrams with captions.
