PARCC SAMPLE QUESTION AND TASK MODELS
EDITED TO PROVIDE TRANSFERRABLE FRAMES WITH INCREASED CHALLENGE

The following “frames” are edited questions from the PARCC samples. The editing has involved removing the specific identification of the texts and components so that teachers can construct parallel sequences and kinds of questions for other texts.

KINDS OF QUESTIONS AND TASKS

Evidence-Based Selected Response (EBSR)
Questions identified as EBSR are EVIDENCE BASED SELECTED RESPONSE ITEMS—items that include multiple choice options in the following sequence:

First question requires students to select one of at least four responses based on information in the text.
Next question requires students to choose evidence from the text to support the selected answer to the first question.

These “frames” do not include the responses for the EBSR questions so that they can be transferred to other texts. To transfer them to other texts, students should either select the best response from the text or teachers should set up possible responses. To increase the level of challenge, students should select the best answers based on the text independent of multiple choice options—these resources are not intended to replicate PARCC as test prep exercises but instead to demonstrate the kinds of thinking that students need to be able to transfer across texts.

Technology Enhanced Constructed Response (TECR)
Tasks that require students to use a cursor to move items from a text or about a text into a graphic organizer are Technology Enhanced Constructed Responses. On PARCC, these tasks include lists or otherwise identified items that the student moves to construct a response. To increase the level of challenge, students should identify examples from the text to insert in the graphic organizers.

Prose Constructed Response (PCR)
Task that require students to write in response to a text may include analysis of texts, narratives based on texts, or “research simulation” in which students report on and analyze a topic presented in different passages and often a video. While some of these items require students to analyze the strength of support for a claim in a text, the students do not write the traditional “persuasive” essay—they evaluate the texts they read.

Novel 1 Questions

EBSR What is the meaning of the word ______ as it is used in paragraph ___? Which words from the passage help clarify that meaning?

EBSR What attitude does the narrator reveal when _______________________? Which quotation from the passage best shows additional evidence of that attitude?

Novel 2 Questions

EBSR How do the phrases ____________, _____________, and ___________ in paragraph ___ contribute to the tone of the reading?

EBSR Selecting from paragraphs ___-___ choose the paragraph that most directly reinforces the tone created in paragraph __.

EBSR Which statement provides an objective summary of the passage?

TECR Select three details from the passage that are most relevant to providing an objective summary of the passage. Drag and drop the three details in order into the appropriate boxes.

EBSR In both passages, what causes the conflict between the narrator and ____________? Which paragraphs from the two passages best support the answer?

EBSR The passage from __________ begins with __________ in paragraph __. The passage from __________ ends with __________. How do these paragraphs contribute to an understanding of both characters? What further similarity between the narrators builds on the same idea?

Constructed Response about BOTH Readings.
In both novels, the narrators have points of view different from those of characters. Write an essay analyzing how these differences in points of view create tension in both stories. Remember to use details from both texts to support your ideas.
Grade 8 PARCC Frames—NONFICTION

Today you will research an experiment involving ____________________. First, you will read an article about the experiment. Then you will view a video and read a passage of the actual study. As you review these sources, you will gather information and answer questions about how the sources present information so you can write an analytical essay.

Article 1 Questions

EBSR The key terms ______ and ______ are used in paragraphs ___ and ___ of the article. What __________________ do these key terms refer to?
Which phrases from the article help the reader understand the meaning of the words?

How does the photograph help readers understand technical information presented in the article?
Which paragraph from the article supports the same understanding?

Video Questions

EBSR The word ______ is used in the video. Which phrase defines the word ______?
Which part of the video best demonstrates the meaning of the word?
