I Can Analyze Changes over Time with a Line Graph

Locate and collect information about a situation that **changes over time**. Use that information to make a line graph.

**Title of the Graph:** __________________________________________________

---

**Analyze Patterns and Relationships**

Explain the patterns or relationships it shows—or give it to another student and ask that student to explain it.

________________________________________

______________________________________________________________________

______________________________________________________________________

______________________________________________________________________

______________________________________________________________________

---

Ask a question based on the graph.
