

I can classify facts and opinions.

CCSSR1: Read closely to determine what the text says explicitly and to make logical inferences from it; cite specific textual evidence when writing or speaking to support conclusions drawn from the text.

Put statements of facts in column 1 and statements of opinion in column 2.

If a text does not include opinions then the opinion column is blank.

These are facts I found in the text.	These are opinions I found in the text.

This is how to know if a statement is a fact.

This is how to tell if a statement is an opinion.
