

Cultural Mosaics

This project guide is adaptable to any cultures and any topics.

Know What: Patterns of culture, such as work, housing, religion.
Diversity among cultures.

Know How: To locate information relating to one topic.
To represent a culture visually.
To relate values to patterns of culture.
To make a generalization.

Make a Multi-Cultural Mosaic

Choose one part of living that you will find in every culture, such as

- > choices about kinds of homes
- > choices of kinds of work

Make a mosaic that shows the choices different cultures make.

1. Look in books and in museum exhibits for information.
2. Draw a picture of each culture's choice.
3. On the back of that picture, write:
 - A. *name of the culture*
 - B. *reasons people make that choice.*
4. Put your pictures together as a kind of "mosaic."
5. Write a title for your mosaic. Tell what your mosaic shows about different cultures.
