

Chicago Careers

CCSSR1 I can classify information

This chart shows some Chicago careers.

architect	plumber	lawyer	manager	electrician	reporter
driver	veterinarian	musician	actor	banker	salesperson
doctor	pharmacist	city planner	bus driver	principal	editor
painter	judge	singer	teacher	designer	nurse

Add 12 more jobs to the chart.

Then classify the jobs.

- Which are **communication** careers?
- Which are law **enforcement** careers?
- Which are **health** careers?

What is another category of kinds of careers? _____
Which careers in the chart belong in that category?

Narrative Writer

Make a diagram showing how different jobs in different categories connect. Tell the story of a day in Chicago. Choose one career as the main character in your story. In your story, tell how that one character encounters as many of the other careers. For example, you could choose the plumber and tell how the plumber helps solve a problem at the reporter's home, then takes the bus to a store to buy more supplies, then reads the newspaper article written by the reporter. First list the parts of your narrative. Then write it. Then theme is: Chicago connections—every career connects with many others every day.

I liked this activity ___a lot ___a little ___not at all because _____
