## PRACTICE PACKS

A Practice Pack is a page you cut into pieces and then use as flash-cards or to play matching games or card games. The more time you take to work with these pieces, the more you know them.

The first Practice Pack page is blank—you fill in the words, letters, or numbers you want to learn.

The next pages have examples you can use to learn more.

You will find many words in the Vocabulary section that you can put into Practice Packs.

Focus <b>→</b> Learn Actively <b>→</b> Learn	earn More
--	-----------

PRACTICE PACK  Put the words, letters, or numbers you want to learn into each rectangle. Then cut them out and use them as flash-cards or to play matching games or card games.				

## -

## PRACTICE PACK: TIME TABLE FACTS

Add more time-table facts to your practice pack. Cut them out and match them.

2 x 4

PRACTICE PACK: MATH FACTS AND OPERATIONS

Think More √ Focus **→** Make Progress /

Put numbers into the boxes. Then cut them out and make up math problems. Make more parts with other numbers.

Add percentages and decimal signs or algebra symbols for advanced math.
