

ANIMAL PROTECTION

Complete this chart. Use words or pictures for your answers.

There are three ways animals protect themselves listed at the top of three columns.

1. For each kind of animal, give an example of that kind of animal.
2. Tell how that animal protects itself in the ways listed in each column.

	How it protects itself by:		
	Sensing danger	The way it moves	Using camouflage
Frog			
Butterfly			
Pigeon
