

## CHART TO SEE IDEAS

### Key Idea: **A place has characteristics**

Use words and pictures to complete this chart.  
Describe each place. Use adjectives.

| <b>A Place Where People Work</b> | <b>A Place Where People Live</b> |
|----------------------------------|----------------------------------|
|                                  |                                  |

*Make up questions about these places based on your chart.  
Use multiple choice format.*

## CHART TO SEE IDEAS

### Key Idea: **A Place has a Location**

List three different places.

Then describe the location of each place.

Tell where it is. Use two different ways to explain its location.

| <b>Place</b> | <b>Location--Explain where it is.</b> |
|--------------|---------------------------------------|
|              |                                       |
|              |                                       |
|              |                                       |
|              |                                       |
|              |                                       |
|              |                                       |

#### **WRITING GEOGRAPHY:**

Write directions to find a place. Choose one of these places from your chart. Then give someone the directions and the chart and ask them to match the place with the directions.

## CHART TO SEE IDEAS

### KEY IDEA: **Movement is a way to link places.**

Choose one place.

Tell ways in which movement links it to other places.

Put each way in the column on the left.

Then, in the column on the right, tell how that link helps people in that place to meet needs.

| <b>LINK</b><br><b>Kind of movement that helps to link this place to another.</b> | <b>IMPORTANCE</b><br><b>How this link helps people to meet needs.</b> |
|----------------------------------------------------------------------------------|-----------------------------------------------------------------------|
|                                                                                  |                                                                       |

### WRITING GEOGRAPHY

Pretend you have a job that helps people to get things from one place to another. Write about your work. Tell why it is important.

## CHART TO SEE IDEAS

**KEY IDEA: There are many relations in a place.**

Choose one place.

List ten different jobs people do in that place.

Then tell how each of those workers helps people in that place to meet needs.

| <b>JOB</b> | <b>HOW THIS WORK HELPS PEOPLE TO MEET NEEDS</b> |
|------------|-------------------------------------------------|
| 1          |                                                 |
| 2          |                                                 |
| 3          |                                                 |
| 4          |                                                 |
| 5          |                                                 |
| 6          |                                                 |
| 7          |                                                 |
| 8          |                                                 |
| 9          |                                                 |
| 10         |                                                 |

### WRITING GEOGRAPHY

Choose one of the jobs on the list. Write about all the parts of geography that a worker needs to know to do that job.

## CHART TO SEE IDEAS

KEY IDEA:

**There are many relations between places**

Choose one place. \_\_\_\_\_

| <b>Things people need in this place</b> | <b>Where these things come from</b> |
|-----------------------------------------|-------------------------------------|
|                                         |                                     |

### WRITING GEOGRAPHY

Write the story of getting one thing from one place to another. Tell the story of that trip.

ASSESSMENT  
**WRITING GEOGRAPHY**

What is geography? Write your own geography book! You can work on this by yourself or as a team.

First, make a list of the key ideas in the book.

| <b><i>BOOK OUTLINE</i></b><br><i>WRITE NINE KEY IDEAS YOUR BOOK WILL TELL ABOUT.</i> |
|--------------------------------------------------------------------------------------|
| Idea 1                                                                               |
| Idea 2                                                                               |
| Idea 3                                                                               |
| Idea 4                                                                               |
| Idea 5                                                                               |
| Idea 6                                                                               |
| Idea 7                                                                               |
| Idea 8                                                                               |
| Idea 9                                                                               |
| What is the name of your book?                                                       |

Then write the book!
