

I Can Create Illustrations That Answer Questions About a Topic (1C).

Geography of a Country

These are features of one country's geography. Draw a picture of what you think this feature looks like. Then add more features. Then use your words and pictures to make a book about the country's geography. To figure out which country this is, use the atlas.

Feature	Picture/Illustration	Description
Many high mountains		Close to border Less population
Very hot		Most days are above 35 degrees centigrade
Arabian Sea		Very salty
Capital city is not very large		It is at the border close to Afghanistan
Karachi is the biggest city		Most industry is here and it has a harbor and is close to the sea
