

## Chicago Science Connections

### The Lake Michigan Puzzle

A puzzle is something that has many pieces that fit together. A history is a kind of puzzle. Read through the pieces of the history of Lake Michigan. Think about these questions as you read. Then put together answers.

#### QUESTIONS TO THINK ABOUT:

What has changed the lake more in less time – nature or people?

Who will decide what's next for Lake Michigan – nature or people?

What do you think is next for Lake Michigan?

Write your answers to these questions now. Then re-read your answers and make changes after you read the history of the lake.
