

I Can Analyze Proportions with a Circle Graph

Locate and collect information about different quantities that are related to the same topic, such as the number of students choosing different colleges. Then figure out the proportions and make a circle graph (or pie graph) to show them.

Title of the Graph: _____

KEY:

Analyze Patterns and Relationships

Explain the patterns or relationships it shows—or give it to another student and ask that student to explain it.

Ask a question based on the graph.
